Visitors
WOW! September was just full of visitors. We had visitors for our units on Food & Nutrition, Sports & Exercise and Community Helpers. Check out our visitor pictures on the back.

Fall is here!
As the weather gets cooler be sure your child is dressed for our outdoor activities. Make sure you write names in jackets and coats. You may also want to check your child’s cubby for an appropriate change of clothes for cooler weather. Accidents do happen and we want to be prepared.

Fine Motor Skills
We are working with all of the children on developing their fine motor skills. With cooler weather around the corner, we are going to be practicing zipping our zippers this month. So get your jackets out and help your child practice zipping at home!

Recycling
Thanks to all parents who recycle our paper bags! It helps us save time and money. Keep up the good work!

Halloween Fun
Our tailgate party with the parents was a great success. Now we are planning a special Halloween snack time.

Mark your Calendar.
On Tuesday, Oct. 31 we would like you to join our class for a special snack that you will help your child make. Morning class parents should come at 10:15 and afternoon class parents should come at 2:15.
